SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *LL-N4 12b*, also known as *Photos\Hoskioki\LL-N4\LL-N4 12b*, is classified as:
Objectionable.

The publication is a computer image file of a colour photograph. The image is accessed from a Jaz disk formatted for an AppleMac computer. The title is typed across the top of the screen.

The computer image file promotes and supports the exploitation of children for sexual purposes by presenting an image of a young girl and boy intended to sexually titillate the viewer.

The photograph depicts a boy and a girl sitting in a leather armchair engaging in sexual conduct. The girl appears to be aged about eleven, and the boy is aged about fourteen. They rest their hands on the upper thigh and genital area of the other. They are both clothed. There is an implicit message in the image that the male and female are sexually aware and are therefore viable and legitimate sexual partners.

The publication has been found to promote and support an activity listed in s3(2) of the Films, Videos, and Publications Classification Act 1993. This provision overrides s14 of the New Zealand Bill of Rights Act 1990 (NZBR Act) because it is a deeming provision which cannot be given a meaning that is consistent with the rights and freedoms set out in that section of the NZBR Act.
